Comentarios públicos del agente: Las fotos son renderings- SAN FRANCISCO Semi completed | DELIVERED | A finished single-level architectural estate in San Francisco, San Juan where new construction is scarce and demand is permanent. This 5,800+ sq ft, 5-bedroom en-suite residence was built to outperform: scale, ceiling height, layout efficiency, and location all the fundamentals investors target when deploying capital in high-barrier markets. Every bedroom includes a private bath and walk-in closet. The primary suite commands the home with a 12'x12' dressing room and direct views to the private pool. 16'x12' ceilings and floor-to-ceiling glass create volume, light, and architectural presence that translates directly to long-term value. Backed by a lush forest buffer, the property delivers privacy that cannot be replicated yet sits minutes from San Juan's financial core, dining, retail, and cultural districts. New construction. Single level. Finished. No build risk. No waiting. No compromises. *The unit will be delivered without the kitchen finished, no windows, no doors, bathrooms not finished.
