Unidades del área del edificio: Square Feet

Comentarios públicos del agente: This urban three-story house is just a short walk from Playa de los Muertos (a.k.a. Sea Glass beach) and all the amenities of living in the Caribbean town of Isabel II. It's traditional Spanish and colorful Creole architecture includes classic Puerto Rican breeze blocks and decorative rejas. Upon entering the property, a fabulous outdoor courtyard and garden reminiscent of Spanish Cloisters greets you. The elegantly centered pool is lined with iridescent blue tiles and flanked by the two sculptural lion fountains that give the home its name, fill the house with the water's relaxing sound. The property is divided into three separate living quarters. The main level is perfect for entertaining and receiving guests. The common meeting grounds have an outdoor wet bar and poolside dining shaded under the bougainvillea, also great for spending the evenings playing cards or lounging with friends and family. The spectacular outdoor space connects with a spacious living room and oversized fully equipped kitchen with bar seating and dining space. At the rear is a full bath and a quiet air-conditioned guest bedroom with its own cozy and private outdoor green patio. The upper level principal suite is the ideal place to retreat from the urban atmosphere into a quiet and intimate environment and enjoy views of the north-side ocean. The large open area has an ensuite bathroom and kitchenette, offering the quarters complete privacy. The fully air-conditioned space also boasts its own living room for lounging and a dining/remote workspace. The outdoor balcony is a perfect place to hang a hammock, read a book or take a siesta surrounded by ocean views and plants. Below, the second level offers plenty of space for family and guests with two air-conditioned bedrooms with a shared full bathroom/laundry and living space. To the left a secondary bedroom has its own outdoor sitting area, while the righthand bedroom has its own workspace. The courtyard has a carport gate to station one car while away from Vieques. The outdoor pump room has space for additional storage. With a 3,312 sqft lot, its convenient location and beachside charm, this house would be a great place to call home or investment property.
