Comentarios públicos del agente: Villa La Riposa is beachfront living at its best. This amazing oceanfront property sits on a large lot that extends between two streets in the exclusive Bravos de Boston neighborhood. The property is bounded by the north shore beaches and less than a 15 min walk to all of the commodities in Isabel II (the ferry, restaurants, shops, and markets), and just 15 minutes from the airport. It's promontory location gives the property a sense of seclusion and allows for unobstructed 180 ocean views. The art deco style villa elegantly mixes Mediterranean and Caribbean architecture. It's distinct blue dome has become iconic of the North Shore skyline. The most spectacular space is the upper level apartment which has a unique European vibe with its stone mosaic floors, cathedral-esque arches, and grecian style louvered cabinets. The back drop from the main living space and the large outdoor lounge are the magnificent pool and turquoise ocean. Some of the spaces best features are the exterior bathroom and the amazing rooftop duomo with views of the mainland, Palomino and Culebra. Its doric columns frame the spectacular sunrises and sunsets during the morning and evening hours and the ferries can be seen as they come and go during the days. The lower level apartments each are fully equipped and have their own outdoor spaces and separate entrances. Guests can enjoy a private dinner or evening in but come together for gatherings in the large garden terrace that surrounds the pool and fountain. All the spaces are interconnected and have access to the ocean with a natural tide pool via a stairway built into the rocky cliffside. Every room has it's own AC unit. The villa also has a parking area for up to three cars and additional private street parking, outdoor storage, and an outdoor shower by the pool area. The villa can be a great home, vacation escape, or an income producing rental.
