Comentarios públicos del agente: This turnkey home, originally curated by designers, offers a functional open layout ideal for island living. From its prime location to its spectacular views and architectural details, this house is an absolute dream. Mediterranean meets Caribbean design elements—such as Miami louvers and wooden shutters throughout the home, curated pieces from local artists, and unique furnishings—flow gracefully into outdoor gardens, patios, and decks that maximize island breezes and ocean views from its elevated urban setting. Inside, a spacious primary bedroom with vaulted ceilings and a skylight creates a serene retreat, accompanied by an adjoining guest room. The kitchen, reminiscent of a French country house, enjoys lovely views and connects seamlessly with the living area, where both spaces take full advantage of the surrounding scenery. Ocean views from the front balcony make it the perfect spot for sipping morning coffee with a refreshing breeze. The living area and primary bedroom are fully air-conditioned for comfort. The home also features an ample pantry and laundry area, where a second bathroom could easily be added. Upstairs, the stunning rooftop terrace feels like a private mirador—ideal for outdoor entertaining, taking in sweeping views, or even transforming into a magnificent master suite. Outside, the backyard is thoughtfully terraced to create inviting outdoor living areas, highlight mountain views of Vieques, and provide space for a potential pool. An additional outdoor structure, currently used as storage (formerly an outhouse), includes an outdoor shower and presents excellent potential to be converted into a full guest bath to serve the studio workshop. The studio itself can also function beautifully as a guest space. Just one minute from the town center, this fully furnished property provides exceptional accessibility while maintaining privacy thanks to its elevated location. The home also includes a secured two-car garage and a versatile studio workshop, making it a rare and complete island sanctuary.
