Comentarios públicos del agente: Dorado Beach East #59 is an 8-bedroom estate located just moments from the ocean within the gates of Dorado Beach East at Dorado Beach Resort & Club. One of the defining characteristics of this property is its proximity to the beach. The ocean is not a distant feature - it is part of the daily rhythm. Morning walks along the shoreline, quick access to the Beach Club, and the ability to move between home and sand within minutes define the lifestyle here. The residence offers 8 bedrooms and 6.5 bathrooms, providing scale and flexibility that is rarely available within this section of the community. The layout supports extended family, long-term guests, or multi-generational living without feeling crowded. The main living areas open naturally toward the outdoor spaces, where a squared pool with clean architectural lines creates a private setting for relaxation after the beach or evening gatherings outdoors. The kitchen is expansive and functional, with a substantial walk-in pantry designed to accommodate full-time living and entertaining. A dedicated cinema room with custom starlit ceiling and a separate game room provide additional interior spaces designed for comfort rather than excess. In addition to the main residence, the property includes a detached two-story guest house, allowing independence for visitors or staff. A separate dome structure at the rear of the property offers flexibility as a studio, wellness space, office, or creative retreat. Living in Dorado Beach East means immediate access to Dorado Beach Resort & Club amenities, including private beach access, championship golf, tennis and pickleball facilities, fitness and wellness programs, dining venues, and a secure, low-density residential environment. Homes of this size, with detached guest accommodations and close proximity to the ocean, are limited within Dorado Beach East. Private showings by appointment.
