This Garden Hills South has the layout to become the luxurious gem of the community. It is within the second guard access and in a very low traffic street. The home has three en suite bedrooms plus a downstairs in law suite or apartment that can easily be transformed into separate man cave, office and wine cellars. A large kitchen flooded with natural light and a movie theater/flex room ready to become the great room. The generator can power the entire home and the two car garage has plenty of storage space.
