Comentarios públicos del agente: Welcome to your beach-near escape in Isabela, a beach-close island home walking distance to the beach and room to expand. This 3-bedroom, 3-bath house is set in a highly desired coastal area, just a short walk to Jobos Beach and also within easy reach of Shacks Beach. Start your mornings with salty breezes, spend your afternoons chasing sunsets, and end your nights with the kind of quiet you can actually hear. The main home offers two spacious bedrooms and two bathrooms, including a comfortable primary bedroom setup that feels made for slow weekends and longer stays. A detached two-car garage adds everyday practicality, while the separate studio apartment with its own bathroom opens the door to real flexibility: host guests, create a private workspace, or explore rental income potential. Outside, the lot size gives you breathing room and future possibilities, with potential to expand the building footprint if you want to dream a little bigger. Nearby attractions make it easy to live like a local: grab a bite at popular neighborhood spots, head to the beach whenever the mood hits, or enjoy resort amenities a short drive away. Plus, the international airport in Aguadilla is close enough to make arrivals painless. If you've been waiting for a coastal property with walkability, income potential, and room to grow, schedule your private showing today and come see why this spot feels like vacation that never has to end. NO HOA, STR Allowed.
